

Database import:

//First create a new database called "listiify_db".

//Import the listiify_db.sql file from the repository.

//Create an DB user

```
CREATE USER 'listiify'@'localhost' IDENTIFIED BY 'BBZBL12345';
```

//Give the user permissions on the Database

```
GRANT USAGE ON *.* TO `listiify`@`localhost` IDENTIFIED BY PASSWORD  
'*A3194D9B7702C833857AA6257D7E2D53E252C44A';  
GRANT SELECT, INSERT, UPDATE, DELETE ON `listiify_db`.* TO `listiify`@`localhost`;
```
